Review the table below listing our schools. For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

MAISD staff values all children and the relationships that have been fostered with our school families. Most district decisions are decided through a Continuous school Improvement process (MICIP). We strongly encourage anyone interested in participating in the MICIP process and to help shape the direction of MAISD Programs to contact your child's building administrator. We look forward to working collaboratively as a district and school community in order to address and meet the needs of all students. I look forward to seeing continued progress in all of our schools.

Sincerely,

Kyle Hamlin, Superintendent
